EDUCATION

Bachelor of Technology in Artificial Intelligence & Data Science

Shah & Anchor Kutchhi Engineering College
Expected Graduation: June 2029

CERTIFICATIONS & RECOGNITIONS

- **Certified Python Specialist – Zero To Mastery** (Completed: December 2025)
- **Spoken Tutorial – C Programming Certification** (Completed: November 2025)
- **Awarded for Innovations in AI-Powered Solutions** (Honored for improving human-computer interactions)

SKILLS

Programming Languages

- Proficient in Python for AI/ML, advanced Data Engineering, and robust Web application development.
- Extensive experience with C for systems programming, performance-critical modules, and algorithmic optimization.
- Highly adept at developing, debugging, and maintaining complex, highly creative software projects.

Tools & Platforms

- Deep expertise with GitHub for advanced version control, continuous integration, and seamless team collaboration workflows.
- Highly proficient with Canva for creating compelling project presentations, comprehensive marketing materials, and pitch decks.
- Mastery of modern front-end web technologies including HTML5, CSS3, and JavaScript, with specialized experience in React/Vue frameworks.

Communication

- Exceptional capability for translating intricate technical architectural details into clear, concise, and highly accessible language suitable for diverse non-technical stakeholders and leadership.
- Proven and reliable collaborator, consistently fostering high-performance team synergy and success on multi-faceted technorated projects [cite: 4].
- Highly engaged active participant and leader in technical forums, workshops, and academic discussions to share emerging knowledge and insights.
